About Course:

Bachelor of Physiotherapy is an undergraduate Academic Course in a Medical Science Field known as Physiotherapy. Physiotherapy uses physical agents like exercise, massage and other modalities for providing treatment to those patients whose movement and function are threatened by ageing, injury, disease or environmental factors. The duration of BPT is 4? years including internship of 6 months. Physical Therapy Programs provide core skills like manual therapy, therapeutic exercise and the application of electro physical modalities, to the prospective students. There are various Physical Therapy Colleges which offer Physiotherapy Courses. Physical Therapy Degree Course is especially meant for those who have compassion for the sick or injured. Physiotherapy is very challenging and demanding as one may need to work for long hours and have tremendous patience as some patients may not respond to immediate treatment. Apart from rigorous education, one needs to have lots of physical stamina because of the nature of the work. An individual seeking a physical therapy career should have excellent interpersonal skills to get the best from his patients.
