# STAREX UNIVERSITY, GURUGRAM

### SCHOOL OF COMMERCE & MANAGEMENT

### Ordinance, Scheme of Examination & Syllabus

Master of Business Administration (MBA)

(Post Graduate Program Effective From Year 2018-19)

(Approved by AC, BOM & Governing Body in its meetings held in 2018)

### Ordinance, Scheme of Examination and Syllabi

### **Master of Business Administration (MBA)**

Saved as provided in the First Ordinance of the University, this Ordinance shall contain the following,

### 1. Title and Commencement

This Ordinance shall be called the Ordinance of Starex University and shall be effective from the Academic Session 2018-19.

### 2. Duration of the Course

The duration of MBA Degree Course shall be of two academic years. Each year shall be divided in two Semesters i.e. semester-1, semester-2. Accordingly, the two years shall consist in four Semesters. However, a student is required to pass out the said Course within a maximum period of 4 years from the date of admission to 1<sup>st</sup> Semester where after he/she shall stand unfit for the Course.

### 3. Admission and Eligibility

 $B.Com \, / \, B.Com \, (Hons.) \, / \, BBA \, / \, \, BSC \, / \, B.A. \, with \, at least \, 45\% \, \, marks \, in \, aggregate \, from \, any \, recognized \, \\ University.$ 

### 4. Admission Schedule, Submission of Examination Forms and Fee

The admission schedule along with the last date for submission of admission forms and fee shall be fixed by the Vice-Chancellor from time to time and displayed by the University. Date of Examinations and fee shall be fixed by the Vice-Chancellor and notified by the Controller of Examinations.

### 5. Change of Branch/ Discipline

A student will be entitled to change/switch over Branch/Discipline within 15 days after the commencement of Academic Session where after no change will be allowed. Such a student must be eligible for admission to the Branch/Discipline intended to be admitted to.

### 6. Promotion to Higher Semester(s)

The student shall be promoted to  $2^{nd}$  and  $4^{th}$  Semester automatically without any condition of passing minimum number of papers. For promotion from  $2^{nd}$  to  $3^{rd}$  Semester, the student shall have to clear at least 50% papers of  $1^{st}$  and  $2^{nd}$  Semester taken together.

### 7. Reappear Examinations

Re-appear Examinations for odd Semester will be held along with the regular semester examinations of these

semesters in December and those of even Semesters along with the regular examinations of these Semesters in May. However, the re-appear examination of 4<sup>th</sup> Semester may be held in December along with the odd Semester examinations.

### 8. Medium of Instruction and Examination

The medium of instructions and writing question papers shall be in English.

### 9. Type of Examinations

Wherever not otherwise provided in any Course Ordinance there will be two types of Examinations.

- a) **End term:** End term Examination shall be held at the end of each Semester and will cover the entire syllabus for that Semester. First and Third Semester Examinations shall ordinarily be held in the month of December and Second and Fourth Semester Examinations in the month of May.
- b) **Internal Test:** There may be one/two Internal Assessment test(s) in each Semester. Each Internal Assessment test will cover the syllabus taught up to the date of test.

### 10. Scheme of Examinations

25% marks of the total marks of the concerned subject shall be earmarked for Internal Assessment.

### a) Distribution of Marks

- i) Theory 75
- ii) Internal Assessment 25

For Practical Lab Based- Discipline Specific Elective Papers, there shall be 4 credit hours for lecture of Max. Marks 60 in theory and 1 credit hour (2 Practical Periods per week per batch) for practical lab of Max. Marks 40.

### b) Pass Percentage

### Theory:

- i) 40% marks in written paper.
- ii) 40% marks in written paper and Internal Assessment taken together

### **Practical:** (Wherever provided)

- i) 40% marks in Practical paper
- ii) 40% marks in Practical and Internal Assessment taken together

**Viva-Voce:** (Wherever provided)

i) 40% marks in Viva-Voce separately.

Note:

i) In case, a student fails to secure 25% marks in Internal Assessment in Theory of a particular subject, he/she shall be detained from appearing in the Theory paper examination of that Subject and so for Practical exam (Wherever provided).

ii) A list of detained students and the students detained due to shortage of attendance shall be forwarded to the Examination Branch by the School/Faculty before a week from the date of commencement of examinations.

### c) Components of Internal Assessment

The Internal Assessment marks shall comprise the following,

i) Attendance 10 Marks

ii) Internal Test 10 Marks

iii) Assignment/Seminar/Presentation etc. 05 Marks

### NB.

- 1) In case, a student is detained from appearing in the Examination of Theory and/or Practical having failed to secure 25% marks in Internal Assessment, he/she may improve the same for appearing in the relevant subsequent Examination. In all other cases, the marks of Internal Assessment shall be carried forward for the subsequent examination.
- 2) The concerned teacher shall preserve the records of the Internal Assessment and shall make the same available as and when required.
- 3) The concerned School/Faculty shall display the marks of Internal Assessment on the Notice Board for information of the students.

### 11. Eligibility to appear in the Examination

The Student should fulfill the following criteria to be eligible for appearing in the end term examination,

- i) He/she should bear a good moral character.
- ii) He/she should be on the rolls of the University during the Semester.

- iii) He/she should have not less than 75% of the attendance during the respective Semester. In case, a student fails to secure the prescribed percentage of lectures either in Theory or Practical, he/she shall be detained from appearing in the said part of examination (Theory or practical or both, as the case may be).
- iv) He/she should not be a defaulter of payment of tuition fee or any other dues of the University and no disciplinary action should be pending against him/her.

**Note:** In case, a student fails to secure 75% attendance in Theory or Practical or both, he/she will be detained from appearing in Theory or Practical or both examinations, as the case may be.

### 12. Exemption from Attendance/ Condonation of Shortage of Attendance

The shortage of attendance can be condoned/relaxed as under-

| S.No. | Category for Exemption/Condonation of lectures/attendance | Ground for Exemption/Condonation   | <b>Competent Authority</b>  |
|-------|---|--|---|
| 1     | All periods of the day of Blood donation                  | Voluntarily Blood Donation to the Blood Bank   | Dean of the<br>School/Faculty   |
| 2     | All periods of the day of Examination                     | For appearing in the supplementary Examinations (Th./Pr./Vive-Voce)  | -do-  |
| 3     | 10 Days attendance during a Semester                      | For participation in University or Inter University/College Sports Tournaments / Youth Festivals, NCC/NSS camps/ University Educational Excursions | -do-  |
| 4     | Condonation/Relaxation up to 5% during a Semester         | Genuine reason such as illness, transfer of parents, sudden death in blood relation, on production of proof.                                       | 1. The concerned Dean of his own or on the recommendation of HOD 2. Vice-Chancellor of his own or on the recommendation of Concerned Dean |

\*Provided that:

1. He/she has obtained prior approval of the Dean of School/faculty. 2. Credit may be given only for the days on which lectures were delivered or tutorials or practical work done during the period of participation in the aforesaid events.

### 13. Setting of Question Papers and Re-Checking, Evaluation/Re-evaluation of Answer book(s)

As per provisions in the First Ordinance and rules and regulations of the University.

### 14. Grace Marks

As per provisions in the First Ordinance of the University.

### 15. Improvement of Examination Result

A student may be permitted to improve his/her result subject to the following:

- i) The student will be permitted to appear in improvement examination as an ex-student with regular batches for the purpose of improvement of CGPA/Division.
- ii) Only one chance for improvement for a Semester will be given. The chance must be availed within a period of 1 year from passing the final examination.
- iii) In case the nature of result does not improve i.e. up to CGPA 5, 6, 7, 8 and 9, his/her improvement result shall be declared as "PRS" (Previous Result Stands).
- v) There will be no separate examination for improvement i.e. the student intending to improve his/her result shall appear along with the regular batches in accordance with the syllabus prescribed for the regular batches.

### 16. Issuance of DGS, Award of Degree

A student shall be issued Detailed Grade Statement for each examination and shall be awarded Degree on successful completion of the Course. The division and performance shall be indicated in the Degree as depicted in **Grading Method** against **Clause No. 20.** 

### 17. Inter University Migration

- a) A student of this University may seek Migration as per provision in the First Ordinance of the University.
- b) Any student intending to seek Migration to this University may do so subject to the following,
  - i. The Migration cannot be claimed as a matter of right and shall subject to the availability of seat.
  - ii. The Migration shall be allowed only in 2<sup>nd</sup> year (3<sup>rd</sup> semester).
  - iii. The student must have pursued the previous exam(s) under Semester system.
  - iv. At least 50% papers passed by him/her in the previous Institute/University must have matched with the papers prescribed by this University.
  - v. Rest of the unmatched Subjects/Papers will be required to be passed by him/her from this University as deficient subjects/papers.

### 18. Choice Based Credit System

### **Definitions of Key Words**

1. **Academic Year:** Two consecutive (one odd + one even) Semesters constitute one academic year.

2. Choice Based Credit System (CBCS): The CBCS provides choice for students to select from the

prescribed courses (core, elective or minor or soft skill courses).

3. **Course:** Usually referred to, as 'papers' is a component of a programme.

All courses need not carry the same weight. The courses should define learning objectives and learning outcomes. A course may be designed to comprise lectures/ tutorials/laboratory work/ field

work/ outreach activities/ project work/ vocational training/viva/

seminars/ term papers/assignments/ presentations/ self-study etc.

or a combination of some of these.

4. Credit Based Semester System (CBSS): Under the CBSS, the requirement for awarding a degree or

diploma or certificate is prescribed in terms of number of credits

to be completed by the students.

5. Credit Point: It is the product of grade point and number of credits for a

Course.

6. **Credit:** A unit by which the Course work is measured. It determines the

number of hours of instructions required per week. One credit is equivalent to one hour of teaching (lecture or tutorial) or two

hours of practical work/field work per week.

7. **Cumulative Grade Point** It is a measure of overall cumulative performance of

Average (CGPA): a student over all semesters. The CGPA is the ratio of total credit

points secured by a student in various Courses in all semesters and the sum of the total credits of all courses in all the semesters.

It is expressed up to two decimal places.

8. **Grade Point**: It is a numerical weight allotted to each letter grade on a 10-point

scale.

**9. Letter Grade:** It is an index of the performance of students in a said course.

Grades are denoted by letters O, A+, A, B+, B, C, P and F.

10. **Programme:** An educational programme leading to award of a Degree,

Diploma or certificate.

11. Semester Grade Point Average (SGPA): It is a measure of performance of work done in a semester. It is

ratio of total credit points secured by students in various courses

registered in a Semester and the total course credits taken during that semester. It shall be expressed up to two decimal places.

Each semester will consist of 15-18 weeks of academic work equivalent to 90 actual teaching days in a Semester. The odd semester may be scheduled from July to December and even Semester from January to May/June.

### 12. Semester:

### 13. Transcript and Detailed Grade

| Range of Percentage of<br>Marks | Letter Grade         | Grade<br>Points | Range of Grade Points | Classification                        |
|---------------------------------|----------------------|-----------------|-----------------------|---------------------------------------|
| 90 and above                    | O (Outstanding)      | 10              | 9-10                  | Outstanding                           |
| 80 & above but less than 90     | A+ (Excellent)       | 9               | 8 < 9                 | Excellent                             |
| 70 & above but less than 80     | A (Very Good)        | 8               | 7 < 8                 | 1 <sup>st</sup> Div. with Distinction |
| 60 & above but less than 70     | B+ (Good)            | 7               | 6 < 7                 | 1 <sup>st</sup> Division              |
| 50 & above but less than 60     | B (Above<br>Average) | 6               | 5 < 6                 | 2 <sup>nd</sup> Division              |
| Above 40 but less than 50       | C (Pass-Average)     | 5               | Above 4 < 5           | 3 <sup>rd</sup> Division              |
| 35 To 40                        | P (Pass)             | 4               | 3.5 To 4              | Pass                                  |
| Below minimum pass<br>marks     | F (Fail)             | 0               | -                     | -                                     |

Certificate/Statement (DGS): Based on the earned credit points, a Detailed Grade Certificate/Statement (DGS) shall be issued to all the registered students after every semester. The grade certificate/statement will display the Course details (Course code, its nomenclature, total credit points and letter grade) along with SGPA of that Semester and CGPA in the final semester.

### 19. Grading Method

The grading method for evaluating students' performance involves award, of grade according to the range of total marks in the course. The grade will be awarded based on marks out of 100, as depicted below:

### Formula for Computation of SGPA & CGPA

i. The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student, i.e

SGPA (Si) = 
$$\sum$$
 (Ci × Gi) /  $\sum$ Ci

Where Ci is the number of credits of the ith course and Gi is the grade point scored by the student in the ith course.

ii. The CGPA is also calculated in the same manner taking into account all the courses undergone by a student over all the semesters of a programme, i.e.

$$CGPA = \sum (Si \times Ci) / \sum Ci$$

Where Si is the SGPA of the ith semester and Ci is the total number of credits in that semester.

- iii. The SGPA and CGPA shall be worked up to 2 decimal points and mentioned in the DGS and transcripts.
- iv. Formula for calculation of aggregate pass percentage CGPA x 10

### **Example**

| Course   | Credit | Grade Letter | Grade Point | Range of Grade      | Earned Credit  |
|----------|--------|--------------|-------------|---------------------|----------------|
|          |        |              | Block       | Points(Actual Grade | Points (Credit |
|          |        |              |             | Value as per marks  | ×Actual Grade  |
|          |        |              |             | obtd.               | Value)         |
| Course 1 | 3      | 0            | 10          | 9.2                 | 3×9.2=27.6     |
|          |        |              |             |                     |                |
| Course 2 | 3      | A+           | 9           | 8.2                 | 3×8.2=24.6     |
| Course 3 | 4      | A            | 8           | 7                   | 4×7=28         |
| Course 4 | 3      | B+           | 7           | 6.7                 | 3×6.7=20.1     |
| Course 5 | 3      | В            | 6           | 5.6                 | 3×5.6=16.8     |
| Course 6 | 4      | С            | 5           | 4.7                 | 4×4.7=18.8     |
|          | 20     |              |             |                     | 135.9          |

Thus, **SGPA** = 135.9/20 = 6.79

Similarly, suppose SGPA for  $2^{nd}$ ,  $3^{rd}$ , and  $4^{th}$  semester are 7.85, 5.6 and 6.0 with credits 22, 24 and 22 respectively than for a two year programme, the CGPA will be computed as follows,

**CGPA**= 
$$20 \times 6.79 + 22 \times 7.85 + 24 \times 5.6 + 22 \times 6.0/88 = 6.53$$

Formula for calculating percentage of marks

CGPA 
$$\times$$
 10 e.g.  $6.53 \times 10 = 65.3$ 

### 20. Other Provisions

- i. Nothing in this Ordinance shall debar the University from amending the Ordinance and the same shall be applicable to all the students whether old or new.
- ii. Any other provision not contained in the Ordinance shall be governed by the rule and regulations framed by the University from time to time.
- iii. All disputes shall Subject to Gurugram court Jurisdiction.

|      | Proportions of Small and Large Samples – Chi-square Test |  |
|      | of Independence and Goodness of Fitness- Analysis of     |  |
|      | Variance   |  |

### **Suggested Readings**

- 1. K. V. Sivayya and K. Satya Rao Business Mathematics
- 2. Anderson, Quantitative Methods for Business, Cengage, ND
- 3. Nagar, Das Basic Statistics, Oxford University press
- 4. CR Kothari, Quantitative Techniques, Vikas, ND
- 5. Shenoy, Sharma and Srivastava, Quantitative Techniques for Management, New Age, ND

- 1. Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying three marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.
- 2. Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit.
- 3. All questions will carry equal marks (15).

# COURSE SYLLABUS M.B.A. - 1st Semester ECONOMICS FOR BUSINESS DECISIONS

Course/Paper Code: 0205103

Credit: 4(4-0-0)

Max. Marks: 100 Exam Duration: 03 Hrs External Marks: 75

Internal Marks: 25

### **COURSE OBJECTIVES**

The objective of this subject is to give understanding of the basic concepts and issues in business economics and their application in business decisions. This course intends to develop the concepts on Microeconomic variables, working of an economy at the micro level, and how business decisions are affected with the influence of micro variables in business.

### COURSE CONTENTS

### Unit-1:

| S.N. | Topic  | Identification of the Topic in Blended mode |
|------|--|---|
| 2.   | Introduction to Economics; Scope & Subject Matter of economics   | Digital and Classroom learning              |
| 3.   | Understanding Micro & Macro economics  | Digital Self learning                       |
| 4.   | Economic Laws; Nature & Scope of Business (Managerial) Economics   | Digital and Classroom learning              |
| 5.   | Basic economic concepts & principles; Significance & Role of business economics in decision making.          | Digital and Classroom learning              |
| 6.   | Concept, nature & types of Economy; Concept of economic problem, Analysis of central problems of an economy. | Digital Self learning                       |

### Unit-2.

| Omt-2. |   |                                |
|--------|---|--------------------------------|
| S.N.   | Topic   | Identification of the Topic in |
|        |   | Blended mode                   |
| 1.     | Demand Analysis for business decisions: Concept, definitions, essential elements and nature of demand | Digital and Classroom learning |
| 2.     | Determinants or factors affecting demand, concept of demand function; Types of Demand                 | Digital Self learning          |
| 3.     | Concept & explanation of the Law of Demand  | Digital and Classroom learning |
| 4.     | Nature, importance of Elasticity of Demand  | Digital and Classroom learning |
| 5.     | Consumer Behavior: Analyzing Consumer equilibrium   | Digital Self learning          |

### Unit-3:

| S.N. | Topic   | Identification of the Topic in<br>Blended mode |
|------|---|--|
| 1.   | Theory of Production: Concept of production and factors of production | Digital and Classroom learning                 |

| 2. | production function-concept  | Digital Self learning          |
|----|--|--------------------------------|
| 3. | Type of input-output relations in production function  | Digital and Classroom learning |
| 4. | Explanations of the laws of production, Nature and significance of economies and Diseconomies of scale | Digital and Classroom learning |
| 5. | Properties of Isoquants; Theory of Supply & Law of Supply  | Digital Self learning          |

### Unit-4:

| S.N. | Topic  | Identification of the Topic in |
|------|--|--------------------------------|
|      |  | Blended mode                   |
| 1.   | Theory of Cost & cost curves   | Digital and Classroom learning |
| 2.   | Types of costs and costs classifications                               | Digital Self learning          |
| 3.   | Cost function; Role and Significance of Revenue in price analysis      | Digital and Classroom learning |
| 4.   | Nature & types of Market, Break-even analysis                          | Digital and Classroom learning |
| 5.   | Price and Pricing; Pricing Decisions under different market conditions | Digital Self learning          |

### **Suggested Readings:**

- 1. Business Economics: Lekhi, R.S; Kalyani Publishers
- 2. Business Economics: Ahuja, H.L.; S.Chand & company pvt.ltd
- 3. Business Economics application & Analysis: Kumar Raj; UDH Publishers & Distributors
- 4. Managerial economics: Dwivedi, D.N; Vikash Publishing House Pvt. Ltd.
- 5. Microeconomics for Management: Dholakia, Ravindera H; Oxford University Press
- 6. Microeconomics: for BBA: T. R. Jain; V K Publications

- 1. Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying three marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.
- 2. Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit.
- 3. All questions will carry equal marks (15).

# **MBA** 1<sup>st</sup> Semester

### **Subject- Accounting for Manager**

(Paper Code- 0205104)

Max. Marks: 100 (75+25)

Credits: 4 (3-1-0) Time Allowed: 3 Hours

**Note for Examiners and Students:** 

There will be eight questions covering the entire syllabus out of which any four are to be attempted by the students. Question No.1 will be compulsory 3X5=15. All questions carry equal marks.

Internal evaluation is to be made on the basis of the parameters are to be decided by the University.

**Objective**: The primary objective of the course is to familiarize the students with the basic accounting principles and techniques of preparing and presenting the accounts for user of accounting information.

**Unit 1- Management Accounting & E- Accounting** 

| S.N. | Topic   | Identification of the Topic in |
|------|---|--------------------------------|
|      |   | Blended mode                   |
| 1    | Concept of Accounting for Manager: nature & scope,          | Digital and Classroom learning |
|      | management process, users of accounting information's       |                                |
| 2    | Financial accounting V/S cost accounting V/s accounting for | Digital Self learning          |
|      | management, role of account in modern organisations.        |                                |
| 3    | GAAP: classifications, need, Accounting conservatism &      | Digital and Classroom learning |
|      | limitations of accounting, Accounting Standards Governing   |                                |
|      | Financial Statements;                                       |                                |
| 4    | Accounting Policies; IFRS, Double entry Principles          | Digital Self learning          |
| 5    | E-Accounting (Tally Lab Work) - Getting acquainted          |                                |
|      | with accounting software packages; Practical                | Digital and Classroom learning |
|      | considerations about computerized accounting system         |                                |
|      | using Tally accounting software package;                    |                                |

Unit 2: Nature & types of Account & final account

| S.N. | Topic  | Identification of the Topic in |
|------|--|--------------------------------|
|      |  | Blended mode                   |
| 1.   | Nature & Types of accounts: accounting cycle, classification, rules of debit & credit, journal entry   | Digital Self learning          |
| 2.   | Ledger Account & trial balance: utility, relationship B/W journal & ledger, difference B/W journal & ledger, format of ledger, need & importance, rules of posting, trial balance importance, methods, format of trail balance | Digital and Classroom learning |
| 3.   | Accounting equation and Rules  | Digital and Classroom learning |

| 4. | Nature & Types of Subsidiary Books                              | Digital learning &Classroom |
|----|---|-----------------------------|
|    |   | learning                    |
| 5. | Preparation of financial statements & Balance Sheet;            |                             |
|    | format of Profit & loss, balance sheet & income                 | Digital learning &Classroom |
|    | statements  | learning                    |
| 6. | <b>Final accounts:</b> trading Account, profit & loss account & | Digital learning &Classroom |
|    | balance sheet format & questions                                | learning                    |
| 7. | Accounts from Incomplete Records                                | Digital learning &Classroom |
|    | -   | learning                    |
| 8. | <b>Depreciation accounting:</b> different methods of            |                             |
|    | Depreciation accounting, straights line methods, written        | Classroom learning          |
|    | down value methods & annuity methods questions                  |                             |

**Unit 3: Cost Sheet Preparation & Marginal costing** 

| S.N. | Topic  | Identification of the Topic in |
|------|--|--------------------------------|
|      |  | Blended mode                   |
| 1    |  | D'-'11' 0 Cl                   |
| 1.   | Elements of Cost: Cost Sheet Preparation                                 | Digital learning &Classroom    |
|      |  | learning                       |
| 2.   | Marginal costing: Absorption Vs Marginal Costing –                       | Digital Self learning          |
|      | Cost –Volume – Profit Analysis – Cost Behavior                           |                                |
|      | ·  |                                |
| 3.   | Breakeven Analysis: Contribution Approach – Profit                       | Digital and Classroom learning |

|      |  |                                |
| 4.   | <b>Cost Concepts for Decision making</b> – Decision Making               |                                |
|      | Process – Decision Situations- Sales Volume Decisions –                  |                                |
|      | Pricing and Special Order Pricing, Make / Buy Decisions                  | Digital and Classroom learning |
|      | <ul> <li>Product Decisions- Addition, Deletion and Alteration</li> </ul> |                                |
|      | of Mix – Plant Shutdown Decision   |                                |

**Unit 4: Budgeting** 

| S.N. | Topic  | Identification of the Topic in<br>Blended mode |
|------|--|--|
| 1.   | <b>Budgeting:</b> Types of Budgets – Financial Vs Operation Budgets – Short Term Vs Long Term budgets                            | Digital and Classroom learning                 |
| 2.   | Cash Budget- Flexible Budget – Master Budget  Management Control and Budgeting – Performance  Budgeting and Zero Based Budgeting | Digital and Classroom learning                 |

### **Suggested Readings**

- 1. Financial Accounting: Rajasekaran, V. V.; Pearson Education
- 2. Accounting for Management: Jawaharlal, , Himalaya, Mumbai
- 3. Financial Accounting: Tripathi, P.C; Pearson Education
- 4. Financial Accounting for BBA: S N Maheshwari & S. K. Maheshwari; Vikas Publishing

### 5. Management Accounting: I. M. Pandey; Vikas Publishing House; ND

- 1. Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying three marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.
- 2. Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit.
- 3. All questions will carry equal marks (15).

# MBA 1<sup>st</sup> Semester Subject- Organisational Behaviour (Paper Code- 0205105)

Max. Marks: 100 (75+25)

Credits: 4

**Time Allowed: 3 Hours** 

**Note for Examiners and Students:** 

Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying three marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.

Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit.

All questions will carry equal marks (15).

**Objective**: The course aims to provide an understanding of basic concepts, theories and techniques in the field of human behaviour at the individual, group and organizational levels in the changing global scenario.

### Unit 1

| S.N. | Topic  | Identification of the Topic in Blended mode |
|------|--|---|
| 1.   | Understanding Behaviour of People: The Concept, Nature and Significance of Human Behaviour.  | Digital and Classroom learning              |
| 2.   | Introduction to OB: Historical Perspective, Levels and Reasons for Studying OB.  | Digital Self learning                       |
| 3.   | Approaches to and Importance, Framework for Learning OB, The Intricate Relation between Management Processes and OB, Globalization and OB. | Digital and Classroom learning              |
| 4.   | Contemporary challenges before Managers.   | Digital Self learning                       |

| S.N.     | Topic  | Identification of the Topic |
|          |  | in Blended mode             |
| 1.       | Micro focus of OB: Individual behaviour and processes:   | Digital and Classroom       |
|          | individual differences – values and attitudes, Workplace | learning                    |
|          | Attitudes, attitude formation and change.                |                             |
| 2.       | Perception: Process, applications and Challenges         | Digital and Classroom       |
|          |  | learning                    |
| 3.       | Relevance & significance of Personality; Learning,       | Digital and Classroom       |
|          | Reinforcement and Stress; work and family life stress;   | learning                    |
|          | Work motivation  | _                           |

### Unit 3

| S.N. | Topic   | Identification of the<br>Topic in Blended<br>mode |
|------|---|---|
| 1.   | Micro focus of OB: Interpersonal Dimensions of Behaviour:       | Digital and                                       |
|      | (The group): Introduction, Group Formation and Group Process,   | Classroom learning                                |
|      | Work Group Behaviour, group dynamics, social loafing;           |   |
|      | Determinants of Group Behaviour; (The team): Introduction,      |   |
|      | Types and Characteristics of an Effective Team, Designing a     |   |
|      | Team & Team building –Team Wheel.                               |   |
| 2.   | Role & Relevance of Organisational Processes and emerging       | Digital Aided                                     |
|      | issues: Organisational Communication.                           | Learning  |
| 3.   | Decision-making, Leadership, Employee Empowerment and           | Digital and                                       |
|      | participation, Use of Power and Politics to manage effectively. | Classroom learning                                |
| 4.   | Managing Conflict and Negotiation; Assertive Behaviour -        | Digital Self learning                             |
|      | Interpersonal Orientations, Facilitating smooth relations,      |   |
|      | Stroking  |   |

### Unit 4

| S.N. | Topic  | Identification of the<br>Topic in Blended<br>mode |
|------|--|---|
| 1.   | Macro focus of OB: Analysing and Understanding role and relevance of Organizational Structure and Design.  | Digital and<br>Classroom learning                 |
| 2.   | Managing Change and Innovation at work, Organizational Leadership, Organizational Climate & Culture Emerging aspects and cross-cultural issues in organizational Behaviour; Managing International Workforce, Productivity and cultural contingencies, Cross cultural communication; | Digital and<br>Classroom learning                 |
| 3.   | Impact of Digitalization and changing nature of Control function of Management.  | Digital Self learning                             |

### **Suggested Readings**

- 1. Organisational Behaviour: S. S. Khanka; S. Chand Publishing
- 2. Pareek, Udai, Understanding Organisational Behaviour, Oxford University Press, N. Delhi
- 3. Robbins, S.P., Organisational Behaviour, Prentice Hall of India, New Delhi
- 4. Organizational Behaviour Made Simple: Rumi Das Gupta; Notion Press
- 5. Organisation Behaviour: Upendra Rai; VK Global Publications
- 6. Luthans, Fred, Organisational Behaviour, McGraw Hill, New York

- 1. Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying three marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.
- 2. Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit.
- 3. All questions will carry equal marks (15).

# MBA 1<sup>st</sup> Semester Subject- Business Environment (Paper Code- 0205106)

Max. Marks: 100 (75+25)

Credits: 4

**Time Allowed: 3 Hours** 

**Note for Examiners and Students:** 

Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying three marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.

Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit.

All questions will carry equal marks (15).

**Objective**: The course aims to acquaint students with the issues of domestic and global environment in which business needs to operate, and to relate the impact of environment on business in an integrated manner.

### Unit 1

| S.N. | Topic  | Identification of the Topic |
|------|--|-----------------------------|
|      |  | in Blended mode             |
| 1.   | Understanding Dynamics of Business and Its             | Digital and Classroom       |
|      | Environment: Nature and structure of business          | learning                    |
|      | environment; macro and micro indicators.               |                             |

|      | Current inflationary position and its impact on business |                             |
|      | environment. Macroeconomic Policy Environment:           |                             |
|      | Issues and Influences.                                   |                             |
| 2.   | Analysing Environment for the MSME sector; Current       | Digital and Classroom       |
|      | state of Industrial Sickness and remedial measures;      | learning                    |

|    | Trends in service sector growth; Contribution of FII and  |                       |
|----|---|-----------------------|
|    | FDI in the development of economy of India.               |                       |
| 3. | Business opportunities in the rural sector; Export-Import | Digital and Classroom |
|    | and the Foreign Trade Policy; India's competitiveness in  | learning              |
|    | the world economy;  |                       |

### Unit 3

| S.N. | Topic   | Identification of the Topic in Blended mode |
|------|---|---|
|      |   |   |
| 1.   | International Business and Environment: Nature and    | Digital and Classroom                       |
|      | components of International Business Environment      | learning                                    |
|      | Framework for Understanding International Business    |   |
|      | Environment: Analysis of Physical, Demographic,       |   |
|      | Economic, Socio-cultural, Political, Legal and        |   |
|      | Technological Environment of a Foreign Country.       |   |
| 2.   | Legal Framework of International Business: Nature and | Digital and Classroom                       |
|      | Complexities; Trends in the world trade and economic  | learning                                    |
|      | growth.   | -   |
| 3.   | Analysing the role and relevance of GATT and          | Digital and Classroom                       |
|      | UNCTAD.   | learning                                    |

### Unit 4

| оші т |   |                                    |
|-------|---|------------------------------------|
| S.N.  | Topic   | <b>Identification of the Topic</b> |
|       |   | in Blended mode                    |
| 1.    | Business Environment and the Rest-Of-The-World          | Digital Self learning              |
|       | Sector: Trade Barriers and Strategy: Free Trade vs.     |                                    |
|       | Protection.   |                                    |
| 2.    | International Financial Environment; Exchange Rate      | Digital and Classroom              |
|       | Environment; Balance of Payments; Globalization and     | learning                           |
|       | Business; Global Principles and Codes for International |                                    |
|       | Business; Trading Blocs.                                |                                    |
| 3.    | International Economic Integration; WTO, IMF, World     | Digital Aided Learning             |
|       | Bank: Role, Relevance and Impact on global              |                                    |
|       | environment and business strategy                       |                                    |

### **Suggested Readings**

- 1. Business Environment: B.N. Ghosh; Oxford University Press
- 2. Essentials of Business Environment: Aswathappa, K.; Himalaya Publishing House
- 3. Business Environment: Text & Cases: Francis Cherunilam; Himalaya Publishing House
- 4. Business Environment: Namita Gopal; TMH India
- 5. Business Environment: Text & Cases: Paul, Justin; McGraw Hill Education
- 6. Business Environment: Raj Agrawal; Excel Books

- 1. Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying three marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.
- 2. Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit. All questions will carry equal marks (15).

# MBA 1<sup>st</sup> Semester Subject- Managerial Communication (Paper Code- 0205107)

Max. Marks: 50 (40+10)

Credits: 2

**Time Allowed: 3 Hours** 

**Note for Examiners and Students:** 

- Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying two marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.
- 2. Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit.
- 3. All questions will carry equal marks (10).

**Objective**: The course is aimed at equipping the students with necessary techniques and skills of communication to inform others inspire them and enlist their activity and willing cooperation in the performance of their jobs.

| 2.  | Measurement and Scaling Techniques: Basic measurement scales-<br>Nominal scale, Ordinal scale, Interval scale, Ratio scale. Attitude<br>measurement scale - Likert's Scale, Semantic Differential Scale,<br>Thurstone scale, Multi-Dimensional Scaling                               | Digital and<br>Classroom Learning |
| 3.  | Processing and Analysis of Data: Processing Operations- Editing, Coding, Classification, Tabulation, Validation, Analysis  | Digital and<br>Classroom Learning |
| 4.  | Statistics in Research: Descriptive Statistics, Inferential Statistics, Elements / Types of Analysis; Interpretation of Data; An overview of dependent and interdependent methods (multiple regression, discriminant analysis, conjoint analysis, factor analysis, cluster analysis) | Digital and<br>Classroom Learning |

### Unit-4:

| Sr. | Topics  | Mode of Learning   |
|-----|---|--------------------|
| No  |   |                    |
| 1.  | Hypothesis - types, characteristics, source, formulation of hypotheses,   | Digital and        |
|     | errors in hypotheses  | Classroom Learning |
| 2.  | Parametric and Non-Parametric Tests- t-test, z-test, f- test, u-test, K-W | Digital and        |
|     | Test (problems on all tests) Statistical analysis- Bivariate and          | Classroom Learning |
|     | Multivariate Analysis- (only theory) ANOVA-one-way and two- way           |                    |
|     | classification (theory only)  |                    |
| 3.  | Report writing and presentation of results: Importance of report writing, | Digital and        |
|     | types of research report, report structure, guidelines for effective      | Classroom Learning |
|     | documentation   |                    |

### Suggested Readings:

- 1. Zikmund, Millian G., Business Research Methods, Thomson Learning, Bombay
- Cooper, Donald R- and Pamels Schindler, Business Research Methods, Tata McGraw Hills, New Delhi
- 3. Geode, Millian J. & Paul K. Hatl, Methods in Research, McGraw Hills, New Delhi
- 4. Sekran, Uma, Business Research Method, Miley Education, Singapore
- 5. Kothari, C.R., Research Methodology

- 1. Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying three marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.
- 2. Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit.
- 3. All questions will carry equal marks (15).

# **MBA 2nd Semester**

### **Subject- SEFC-4- Operation Research**

(Paper Code- 0205202)

Max. Marks: 100 (75+25)

**Credits: 4** 

**Time Allowed: 3 Hours** 

**Note for Examiners and Students:** 

There will be eight questions covering the entire syllabus out of which any four are to be attempted by the students. Question No.1 will be compulsory 3X5=15. All questions carry equal marks.

Internal evaluation is to be made on the basis of the parameters are to be decided by the University.

**Objective**: The objective of this paper is to acquaint the students with various quantitative techniques which are of great importance for quantitative decision-making.

### Unit 1

| S.N. | Topic   | Identification of the Topic    |
|------|---|--------------------------------|
|      |   | in Blended mode                |
|      | Operations Research: Evolution, methodology and role in | Digital and Classroom learning |
|      | managerial decision making; Linear programming:         |                                |
|      | Meaning, assumptions, advantages, scope and             |                                |
|      | limitations; Formulation of problem and its solution by |                                |
|      | graphical and simplex methods; special cases in simplex |                                |
|      | method: infeasibility, degeneracy, unboundedness and    |                                |
|      | multiple optimal solutions; duality.                    |                                |

### Unit 2

| S.N. | Торіс   | Identification of the Topic in<br>Blended mode |
|------|---|--|
| 1.   | Transportation problems including transshipment problems; Special cases in transportation problems: unbalanced problems, degeneracy, maximization objective and multiple optimal solutions; assignment problems including travelling salesman's problem.  Special cases in assignment problems: unbalanced problems, maximization objective and multiple optimal solutions. | Digital and Classroom learning                 |

### Unit 3

| S.N. | Topic   | Identification of the Topic in<br>Blended mode |
|------|---|--|
| 1.   | PERT/CPM: Difference between PERT and CPM, network        | Digital and Classroom learning                 |
|      | construction, calculating EST, EFT, LST, LFT and floats,  |  |
|      | probability considerations in PERT, time -cost trade-off. |  |
|      | Decision theory: decision making under uncertainty and    |  |
|      | risk, Bayesian analysis, decision trees.                  |  |

### Unit 4

| S.N. | Topic   | Identification of the Topic in |
|------|---|--------------------------------|
|      |   | Blended mode                   |
| 1.   | Game theory, pure and mixed strategy games; principle   | Digital and Classroom learning |
|      | of dominance; two person zero sum game; Queuing         |                                |
|      | theory: concept, assumptions and applications; analysis |                                |
|      | of queue system, Poisson distributed arrivals and       |                                |
|      | exponentially distributed service time models (MM1 and  |                                |
|      | MMK); Simulation; meaning, process, advantages,         |                                |
|      | limitations and applications.                           |                                |

### **Suggested Readings**

- 1. Paneerselvam, Operations Research, Prentice Hall of India, N. Delhi.
- 2. Taha, Operations Research: An Introduction, Prentice Hall of India, N. Delhi.
- 3. Vohra, N.D.; Quantitative Techniques in Management; Tata McGraw Hill Publishing Company Ltd., New Delhi.
- 4. Kapoor, V.K., Operations Research; Sultan Chand & Sons, New Delhi.
- 5. Sharma, J.K., Operations Research: Theory and Applications, Macmillan India Ltd, New Delhi.
- 6. Kalavathy, Operations Research, Vikas Publishing House, New Delhi.

- Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short
  answer type questions from whole of the syllabus carrying three marks each, which shall be compulsory. Answer to each question should
  not exceed 50 words normally.
- 2. Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit.
- 3. All questions will carry equal marks (15).

## **MBA 2nd Semester**

### **Subject- DSC-5- Human Resource Management**

(Paper Code- 0205203)

Max. Marks: 100 (75+25)

Credits: 4

**Time Allowed: 3 Hours** 

**Note for Examiners and Students:** 

There will be eight questions covering the entire syllabus out of which any four are to be attempted by the students. Question No.1 will be compulsory 3X5=15. All questions carry equal marks.

Internal evaluation is to be made on the basis of the parameters are to be decided by the University.

**Objective**: The primary concern to this course is to develop in depth understanding of the strategic role performed by HR in business organizations and to gain insight of the alignment between different HR systems and practices and organizational outcomes.

### Unit 1

| S.N. | Topic   | Identification of the Topic in Blended mode |
|------|---|---|
|      | Introduction, meaning, nature, scope of HRM - Importance and Evolution of the concept of HRM  | Digital Self learning                       |
|      | Major functions of HRM - Principles of HRM Strategic importance of HRM; challenges to HR professionals; role, responsibilities and competencies of HR professionals; HR department operations; human resource planning – objectives and process; human resource information system and role of HR Analytics, HR audit | Digital and Classroom learning              |
|      | International HRM; Economics of Human Resources   | Digital Self learning                       |

### Unit 2

| S.N. | Topic   | Identification of the Topic in Blended mode |
|------|---|---|
|      |   | 21011000                                    |
| 1.   | Job Analysis: Meaning, process of Job Analysis,       | Digital and Classroom learning              |
|      | methods of collecting job analysis data, Job          |   |
|      | Description and Job Specification, Role Analysis.     |   |
|      | Talent acquisition: recruitment and selection, career |   |
|      | planning and succession planning, socialization and   |   |
|      | induction of new employees; Training and              |   |
|      | development: Training v/s development, Training v/s   |   |
|      | Education, Training Methods, Designing and            |   |
|      | administering training programme; executive           |   |

|    | development programme, evaluation of T & D programme |                       |
|----|--|-----------------------|
| 2. | Systematic Approach to Training                      | Digital Self learning |

### Unit 3

| S.N. | Topic  | Identification of the Topic in Blended mode |
|------|--|---|
| 1.   | Performance Appraisal: Concept of Performance Appraisal, the Performance Appraisal Process, Methods of Performance Appraisal, developing and instituting performance appraisal system, Potential appraisal; Compensation and rewarding performance: Objectives of Compensation Planning, Job Evaluation, determine compensation structure, pay for performance and incentive plans, ESOP, Executive compensation; Compensation Pay Structure in India; | Digital and Classroom learning              |

**Unit 4: Monopoly** 

| S.N. | Topic   | Identification of the Topic in Blended mode |
|------|---|---|
| 1.   | Employee Welfare: Introduction, Types of Welfare Facilities and Statutory Provisions; Employee Grievances: Employee Grievance procedure   | Digital and Classroom learning              |
| 2.   | Grievances Management in Indian Industry, Employee Discipline: Meaning, approaches to discipline, essential of a good disciplinary system, managing difficult employees   | Digital Self learning                       |
| 3.   | Industrial Relations – Importance; Industrial conflicts; Causes; Dispute settlement machinery; Employee Participation – Objectives; Forms of Employee Participation; Mergers and Acquisitions; Collective Bargaining – Concept; Process; Pre-requisites | Digital and Classroom learning              |
| 4.   | Industrial Democracy and Employee Participation – Need for  | Digital and Classroom learning              |

|    | industrial democracy; Pre – requisites for industrial democracy;   |                       |
|----|--|-----------------------|
| 5. | HR practices and Role in knowledge industry, Virtual organizations, Outsourcing HR functions. New trends in collective bargaining; | Digital Self learning |

- 3. Kerin, Hartley, Berkowtz and Rudelius, Marketing, TMH, New Delhi
- 4. Etzel, Michael J, Marketing: Concepts and Cases, TMH, New Delhi
- 5. Dhunna, Mukesh, Marketing Management Text and Cases, Wisedom Publications, New Delhi

- 1. Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying three marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.
- 2. Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit.
- 3. All questions will carry equal marks (15).

# MBA 2<sup>nd</sup> Semester Paper: FINANCIAL MANAGEMENT (Paper Code- 0205205)

Credits: 4 ( 3-0-1) Exam Duration :03 Hrs

Max. Marks: 100 External Marks:75 Internal Marks:25

**Objective**: The objective of this course is to acquaint the students regarding financial management tools and techniques in financial decision making.

# Unit 1

| S.N. | Topic   | Identification of the Topic in Blended mode |
|------|---|---|
| 1    | Financial management: Overview of financial management, Scope and objectives of financial management – profit maximization and wealth maximization; changing role of finance managers., | Digital and Classroom learning              |
| 2    | Interface of Financial Management with other functional areas; Sources of Financing: Shares, Debentures, Term loans, Lease financing, Hybrid financing                                  | Digital Self learning                       |
| 3    | Venture Capital, Angel investing and private equity,<br>Warrants and convertibles (Theory Only); Emerging<br>Issues: Risk management,   | Digital and Classroom learning              |
| 4    | Behavioural finance and Financial engineering   | Digital and Classroom learning              |

# Unit 2

| S.N. | Торіс   | Identification of the Topic in Blended mode          |
|------|---|--|
| 1.   | Time Value of Money: Future value of single cash flow & annuity, present value of single cash flow, annuity & perpetuity.   | Digital and Classroom learning<br>Classroom learning |
| 2.   | Simple interest & Compound interest, Capital recovery & loan amortization; Investment decisions importance, difficulties, determining cash flows,   | Digital Aided Learning                               |
| 3.   | Methods of capital budgeting; risk analysis (risk adjusted discount rate method and certainty equivalent method);   | Classroom learning                                   |
| 4.   | Cost of Capital Cost of capital – basic concepts. Cost of debenture capital, cost of preferential capital, cost of term loans, cost of equity capital (Dividend discounting and CAPM model) – Cost of retained earnings - Determination of Weighted average cost of | Digital and Classroom learning                       |

| capital (WACC) and Marginal cost of capital; |  |
|--|--|
|  |  |

# Unit 3

| S.N. | Topic   | Identification of the Topic in<br>Blended mode |
|------|---|--|
| 1.   | Capital structure and dividend decisions – Planning the capital structure. (No capital structure theories to be covered)  | Digital and Classroom learning                 |
| 2.   | Leverages – Determination of operating leverage, financial leverage and total leverage  | Digital Self learning                          |
| 3.   | Dividend policy – Factors affecting the dividend policy - Dividend Policies- Stable Dividend, Stable Payout (No dividend theories to be covered) and dividend models -Walter, Gordon & M.M. models. | Classroom learning                             |
| 4.   | Determinants of dividend policy   | Digital Self learning                          |

# Unit 4

| S.N. | Topic  | Identification of the Topic in |
|------|--|--------------------------------|
|      |  | Blended mode                   |
| 1.   | Working capital management – Working Capital- meaning, need, determinants; estimation of working capital need; factors influencing working capital requirements –  | Digital and Classroom learning |
| 2.   | Current asset policy and current asset finance policy  | Digital Self learning          |
| 3.   | Determination of operating cycle and cash cycle - Estimation of working capital requirements of a firm (Does not include Cash, Inventory & Receivables Management); management of cash, inventory and receivables. | Digital and Classroom learning |

- 5. Kishore, R., Financial Management, Taxman's Publishing House, New Delhi

- 1. Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying three marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.
- 2. Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit. All questions will carry equal marks (15).

# MBA 2<sup>nd</sup> Semester

# **Subject- OPERATIONS & SUPPLY CHAIN MANAGEMENT**

(Paper Code- 0205206)

Max. Marks: 100 (75+25)

**Credits:** 4(4-0-0)

**Time Allowed: 3 Hours** 

**Note for Examiners and Students:** 

There will be eight questions covering the entire syllabus out of which any four are to be attempted by the students. Question No.1 will be compulsory 3X5=15. All questions carry equal marks.

Internal evaluation is to be made on the basis of the parameters are to be decided by the University.

**Objective**: The objective of the subject is to explore the inter-linkage between operations management and supply chain management. The course seeks to provide the key concepts and solutions in the design, operation, control and management of supply chains as integrated systems.

**Unit 1- Operations Management** 

| S.N. | Topic   | Identification of the Topic in |
|------|---|--------------------------------|
|      |   | Blended mode                   |
| 1    | Operations Management: Introduction to operations     | Digital Self learning          |
|      | Management; Factors affecting operation management,   |                                |
|      | Decision making in operation Management               |                                |
| 2    | Operation strategies                                  | Digital and Classroom learning |
| 3    | <b>Demand Forecasting:</b> Qualitative & Quantitative | Digital and Classroom learning |
|      | Forecasting methods; Designing of processes and types |                                |
|      | of Process  |                                |

**Unit 2: Facility Capacity** 

| S.N. | Topic  | Identification of the Topic in |
|------|--|--------------------------------|
|      |  | Blended mode                   |
| 1.   | Facility Capacity: Capacity Strategies; evaluation of capacity alternatives; analyzing capacity planning decisions; facility location; Factors, types and location planning methods, facility layout | Digital Self learning          |
| 2.   | Operation facility layout: types and layout decision models, Material Handling and packaging and Managing Quality  | Digital and Classroom learning |
| 3.   | JIT and Lean production in operations management.  | Digital and Classroom learning |

**Unit 3: supply chain management** 

| S.N. | Topic  | Identification of the Topic in Blended mode |

- 1. Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying three marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.
- 2. Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit.
- 3. All questions will carry equal marks (15).

# COURSE SYLLABUS

# M.B.A. - 2nd Semester

# ICT SKILLS FOR MANAGERS

Course/Paper Code: 0205207

Credit: 2 (1-0-2)

Max. Marks: 50 Exam Duration: 02 Hrs External Marks: 40

Practical Marks: 10

#### **COURSE OBJECTIVES**

This is a basic paper for Business Administration students to familiarize with computers, Information & Communication Technology and it's applications in the relevant fields and exposes them to other related papers of ICT. By completing this course, students will develop the ability to create and store files using different software packages, including word processing or DTP, spreadsheet, database and presentation software. They will communicate effectively using email and will search the internet efficiently for information.

#### **COURSE CONTENTS**

- 1. **Digital self learning:** Introduction to Computers, characteristics and limitations of computer, Block diagram of Computer; servers and super computers, Computer components, storage devices; Types & Classification of computers; Analysing Computer software: Systems software, Application software, Utility software, Multimedia software, Software applications for Business Processes, Tax, Accounting & Financial Management; An overview of Internet and World Wide Web; An overview of Information & Communication Technologies; Application of ICT in Management; Input and output devices, Types of Software: system software, Application software
- 2. Digital aided learning: Internet Research, Data and Information Management or Privacy and protection skills; Analysing Social Media Channels for Ecommerce Advertising; Need and Relevance of Cyber security Mechanisms and laws; Memory: Concept of primary & secondary memory, RAM, ROM, types of ROM, Cache Memory, and flash memory; Secondary storage devices: Sequential & direct access devices viz. magnetic tape, magnetic disk, optical disks i.e. CD, DVD, and virtual memory.
- 3. Digital and classroom learning: Computer Networks: LAN, MAN, WAN, router, switch, hub, repeater, bridge, gateway, modem; Overview of operating system: Definition, functions of operating system, types of operating system: multiprogramming, multitasking, multithreading, multiprocessing, time-sharing, real time, single-user & multi-user operating system; Computer Virus: Definition, types of viruses, Characteristics of viruses, anti-virus software.
- 4. Classroom and lab learning: Basic Computer Skills for Career Development: English & Hindi typing, MS-Office applications competencies, Software Installation and Uninstallation, Blogging and Content Writing Skills, Computer Lab work- Learning Basic and Advance skills for Management: Developing competencies in MS Word, MS-Excel, MS-PowerPoint DBMS & RDBMS applications, Accounting software Tally, working with SPSS for Business Research; Integrating information from MS-Excel and MS-Access; Learning to create Blog; Analysing social media platforms for business: Twitter, LinkedIn, Facebook, YouTube, Google+, Pinterest, Foursquare and Instagram;

# Suggested Readings:

- 1. Fundamentals of Computers –P. K. Sinha; BPB Publication
- 2. Fundamentals of computers –V Rajaraman; Prentice Hall of India
- 3. Introduction to Information Technology: Leon and Leon; Leon Tech World
- 4. Information Technology in Business Management: Mukesh Dhunna & and J. B. Dixit; Laxmi Publications, New Delhi.
- 5. Computer Applications in Business Management: Versha Mehta, N. Kumar; Anmol Publications

- 1. Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying two marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.
- 2. Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit.
- 3. All questions will carry equal marks (10).

# M.B.A. - 2nd Semester

# **COMPUTER NETWORKS & INTERNET**

Course/Paper Code: 0205208

Credit: 2 (1-0-2) Max. Marks: 50

Exam Duration: 02 Hrs

External Marks: 40 Practical Marks: 10

#### **COURSE OBJECTIVES**

The primary objective of the course is to familiarize the students with technologies like networking and internet and to build skills in applying these technologies to various business processes.

#### **COURSE CONTENTS**

- 5. **Digital self learning:** Introduction to Internet: Definition of networks, concepts of web page, website and web searching (browsing).
- 6. Digital aided learning: Concepts of data transmission, half-duplex transmission, modems, client server computing, Introduction to OSI, TCP/IP reference models, cryptography. Networked economy; Impact of computer networks on business, elements of networked economy, using IS functions to deal with bu siness risks. Infrastructure of networked economy; Hardware, Software, sharing information and resources through networks, LAN WAN, and wireless networks,
- 7. **Digital and classroom learning:** Privacy and ethical issues in networked economy; treats to privacy, protecting privacy, ethical issues in networked economy, social and economic issues in networked economy, health issues in networked economy, future of the networked economy. Applications of networks i n information sharing and dissemination: applications in banking, e-governance, ticket reservation etc.
- 8. **Classroom and lab learning:** HTML: Build a simple HTML document, tables, frames, links, adding multimedia documents, home page, Web Designing in HTML, Internet surfing.

#### Suggested readings:

- 1. McKeown, Information Technology and the Networked Economy, Thomson Learning
- 2. Forouzan, Data Communication & Networking, TMH, Delhi.
- 3. Miller, Data and Network Communication, Vikas Publishing House, New Delhi.
- 4. Tannenbaum, Computer Networks, PHI, Delhi.
- 5. Hagg, Baltzan & Philips, Business Driven Technology, TMH, N. Delhi.
- 6. Molly, Using HTML 4, PHI, Delhi.
- 7. Comer, E. Douglas, Computer Networks and Internet 4e, Pearson Education, Delhi.

- 1. Instructions for External Examiner: The question paper shall be divided in two sections (A & B). Section 'A' shall comprise of 05 short answer type questions from whole of the syllabus carrying two marks each, which shall be compulsory. Answer to each question should not exceed 50 words normally.
- 2. Section 'B' shall comprise 8 questions (2 questions from each unit). The students will be required to attempt four questions selecting one question from each unit.
- 3. All questions will carry equal marks (10).

# **MBA 3rd Semester**

# Subject- BUSINESS LAWS (Paper Code 0205301)

Max. Marks: 100 (75+25)

Credits: 4

**Time Allowed: 3 Hours** 

**Note for Examiners and Students:** 

There will be eight questions covering the entire syllabus out of which any four are to be attempted by the students. Question No.1 will be compulsory 3X5=15. All questions carry equal marks.

Internal evaluation is to be made on the basis of the parameters are to be decided by the University.

**Objective**: The objective of the course is to acquaint the students with the concepts of microeconomics dealing with consumer behaviour. The course also makes the student understand the supply side of the market through the production and cost behaviour of firms.

#### **COURSE SYLLABUS**

M.B.A. – 3rd Semester

MANAGING E-BUSINESS

Course/Paper Code: 0205315

Credit: 4 (3-0-1) Max. Marks: 100

Exam Duration: 03 Hrs
External Marks: 75
Practical Marks: 25

**COURSE OBJECTIVES** 

The objective of this course is to expose the students to the managerial issues relating to information systems and help them identify and evaluate various options. Course Contents

#### COURSE CONTENT

- 1. **Digital self learning:** Meaning and Role of Information Systems: Types of Information Systems: Operations Support Systems, Management Support Systems.
- 2. Digital aided learning: Expert Systems, and Knowledge Management Systems. Information Systems for Strategic Management: Competitive Strategy Concepts, Strategic Role of Information Systems. Integrating Information Systems with Business Strategy, Value Chain Analysis, and Strategic Information Systems Framework. Planning for Information Systems: Identification of Applications, Business Planning Systems and Critical Success Factors, Method of Identifying Applications.
- 3. **Digital and classroom learning:** Risks in Information Systems. Resource Requirements for Information Systems: Hardware and Capacity Planning, Software Needs, Procurement Options Make or Buy decisions, Outsourcing as an Option. Logical and Physical Design. Evaluation of Information Systems. Emerging Concepts and Issues in Information Systems: Supply Chain Management, Customer Relationship Management, Introduction to Data Warehousing, Data Mining and its Applications.
- 4. **Classroom and lab learning:** Systems Design and Development Methodologies: SDLC Approach, Prototyping, Spiral Method, End User Development, ERP

# **COURSE OBJECTIVE**

Systems analysts need to know about computers and programming, but they also should know and have a desire to use computers to solve problems.

|           | Syllabus             |   |  |
|-----------|----------------------|---|--|
| Sr.<br>No | Mode of Learning     | Topics  |  |
| 1.        | Self Learning Topics | System concept & Information system environment: system concepts – definition – characteristic a system – elements of systems – introduction to systems analysis and design – system analysis – system design – system development life cycle.  |  |
| 2.        | Guided Topics        | Introduction – where does the systems analyst come from? What does he do? Preparing for case as a system analyst general business knowledge – technical skills – Communication skills – Role of system analyst – change agent – investigator and monitor – Psychologist – Sales person – motivator – Politician plan of the system analyst – position in the MIS organisation.  |  |
| 3.        | Blended Topics       | Problems with development life cycle approach need for structured approach: Information gathering A problem solving approach – Data flow diagrams: data modelling with logical entity relationship; process modelling with logical data flow diagram; data dictionary; decision TREE – Decision Tables; structures English, System testing conversion – combating Resistance to change: past implementation Review: software maintenance: Hardware / Software Selection: Security disaster / Recovery and Ethics in System Development. |  |
| 4.        | Lab Topics           | Introduction to the process of design logical and Physical: designing conventional computer files and control modern computer data bases, computer outputs and controls, computer inputs and control. Code design, computer based methods, procedures and controls.   |  |

# **Suggested Readings**:

- 1. System analysis and Design Elias M. Awad
- 2. System Analysis and Design Methods Jeffrey I. Written Lonney D. Benticy & Victor M. Bar
- 3. System Analysis and Design A case study approach Robert J. Thicrant.

# Database Management System Paper Code-0205317

| Assessment                 |                    |             |
|----------------------------|--------------------|-------------|
| Practical Assessment Marks | Evaluation         | Total Marks |
| 25                         | End Term Marks: 75 | 100         |

Course Objective

The course aims at providing fundamental knowledge and exposure to the concepts, theories, practical and practices in the field of management.

|           |                      | Syllabus   |
|-----------|----------------------|--|
| Sr.<br>No | Mode of Learning     | Topics   |
| 1.        | Self Learning Topics | Database Management System Concepts: Introduction, Significance of Database, Database System Applications; Data Independence; Data Modeling for a Database; Entities and their Attributes, Entities, Attributes, Relationships and Relationships Types, Advantages and Disadvantages of Database Management System, DBMS Vs RDBMS.  Database System Architecture, Three Level Architecture of DBMS, the External Level or Subschema, The Conceptual Level or Conceptual Schema, The Internal Level or Physical Schema, Mapping, Database Models and Implementation: Data Model and Types of Data Model, Relational Data Model, Hierarchical Model, Network Data Model, Object/Relational Model, Object-Oriented Model; Entity-Relationship Model, Modelling using E-R Diagrams, Notation used in E-R Model, Relationships and Relationship Types; Associative Database Model. File Organization for Conventional DBMS: Storage Devices and its Characteristics, Magnetic Disks, Physical Characteristics of Disks, Performance Measures of Disks, Optimization of Disk-Block Access; |
| 2.        | Guided Topics        | Oracle Architecture; Database Management System Facilities, Data Definition Language, Data Manipulation Language; Database Management System Structure, Database Manager, Database Administrator, Data Dictionary; Distributed Processing, Information and Communications Technology System (ICT), Client / Server Architecture, File Organization, Fixed-Length Records, Variable-Length Records, Organization of records in files; Sequential file Organization; Indexed Sequential Access Method (ISAM); Virtual Storage Access Method (VSAM). An Introduction to RDBMS: An informal look at the relational model; Relational Database Management System; RDBMS Properties, The Entity-Relationship Model; Overview of  |

|    |                | Relational Query Optimization; System Catalog in a Relational DBMS, Information Stored in the System Catalog, How Catalogs are Stored.  |
|----|----------------|---|
| 3. | Blended Topics | Normalization: Functional Dependency; Anomalies in a Database; Properties of Normalized Relations; First Normalization; Second Normal Form Relation; Third Normal Form; Boyce-Codd Normal Form (BNCF); Fourth and Fifth Normal Form. Query Processing and Optimization: Query Interpretation; Equivalence of Expressions; Algorithm for Executing Query Operations, External sorting, Select operation, Join operation, PROJECT and set operation, Aggregate operations, Outer join, Heuristics in Query Optimization, Semantic Query Optimization, Converting Query Tree to Query Evaluation Plan, Cost Estimates in Query Optimization of queries, Join Strategies for Parallel Processing, Parallel join, Pipelined multi-way join, Physical organization. Distributed Databases: Structure of Distributed Database; Trade-offs in Distributing the Database, Advantages of Data Distribution, Disadvantages of Data Distribution; Design of Distributed Databases, Data Replication, Data Fragmentation. Object Oriented DBMS: Next Generation Data Base System, New Database Application; Object Oriented Database Management System; Features of Object Oriented System; Advantages of Object Oriented Database Management System; Difference between Relational Database Management System, Alternative Object Oriented Database Management System, Alternative Object Oriented Database Strategies. Object Relational Mapping: Significance of Mapping; Mapping Basics; Mapping a Class Inheritance Tree; Mapping Object Relationships, Types of relationships, Implementation of relational database relationships, Relationship mappings, Mapping ordered collections, Mapping recursive relationships, Modelling with Join Tables, Open Source Object Relational Mapping Software. |
| 4. | Lab Topics     | My-SQL Architecture; SQL Server 2000 Architecture; Categories of SQL Commands; Data Definition; Data Manipulation Statements, SELECT - The Basic Form, Subqueries, Functions, GROUP BY Feature, Updating the Database, Data Definition Facilities. SQL – 2: Views; Embedded SQL *, Declaring Variables and Exceptions, Embedding SQL Statements; Transaction Processing, Consistency and Isolation, Atomicity and Durability.   |

| Relational Algebra: Basic Operations, Union (U),                  |
|---|
| Difference (-), Intersection ( $\cap$ ), Cartesian Product (x);   |
| Additional Relational Algebraic Operations, Projection $(\pi)$ ,  |
| Selection ( $\sigma$ ), JOIN ( ), Division ( $\div$ ). Relational |
| Calculus: Tuple Relational Calculus, Semantics of TRC             |
| Queries, Examples of TRC Queries; Domain Relational               |
| Calculus; Relational ALGEBRA vs. Relational                       |
| CALCULUS  |

Note- By the dept concerned.

# **MBA 3rd Semester**

# **Subject- SEFC-3- Business Soft Skills**

(Paper Code- 0205318)

Max. Marks: 50 (40+10)

Credits: 2

**Time Allowed: 2 Hours** 

**Note for Examiners and Students:** 

There will be eight questions covering the entire syllabus out of which any four are to be attempted by the students. Question No.1 will be compulsory 3X5=15. All questions carry equal marks.

Internal evaluation is to be made on the basis of the parameters are to be decided by the University.

**Objective**: To sharpen the Analytical, Written, non-verbal, Spoken Communication and interpersonal Skills essential in organizations involving Decision making and Implementation. To demonstrate good team work and negotiation skills

# Unit 1

| S.N. | Topic   | Identification of the Topic    |
|------|---|--------------------------------|
|      |   | in Blended mode                |
| 1    | Importance of Communication, Forms of Communication,  | Digital and Classroom learning |
|      | Communication Network of the Organization; Process of |                                |
|      | Communication: Different Stages                       |                                |
| 2    | Difference between Oral and Written Communication     | Digital Self Learning          |

#### Unit 2

| S.N. | Topic   | Identification of the Topic in Blended mode |
|------|---|---|
| 1.   | Fundamentals, Barriers and Gateways, Public Speaking, Effective Power point presentation, body language, non-verbal, facial expressions, voice modulation, eye contact, audience research, questions from the audience, communication and emotional intelligence, | Digital and Classroom learning              |
| 2.   | Creativity in oral communication, Communication through Telephonic, video and Skype, Group Discussion.  | Digital Self Learning                       |

# Unit 3

| S.N. | Торіс   | Identification of the Topic in<br>Blended mode |
|------|---|--|
| 1.   | Writing an Effective Report: Stages of Writing, Style and | Digital and Classroom learning                 |

# COURSE SYLLABUS

M.B.A. – 3rd Semester

#### SPIRITUALITY FOR MANAGERIAL EXCELLENCE

Course/Paper Code: 0205319

Credit: 2 (2-0-0) Max. Marks: 50 Exam Duration: 02 Hrs

External Marks: 40 Practical Marks: 10

# COURSE OBJECTIVES

The purpose of this course is to help the students to develop an awareness of their inner peace, powers and potentials and a moral compass for living and to teach practical spiritual skills and tools for expressing their potential.

#### COURCE CONTENT

Unit-I: Strategies for performance

| S.N. | Topic  | Identification of the Topic in  |
|------|--|---------------------------------|
|      |  | Blended mode                    |
| 1    | Description of Duality Calcius and Application Techniques    | District and Change on Learning |
| 1.   | Power of Problem Solving and Analytical Techniques-          | Digital and Classroom learning  |
|      | Brainstorming - Generating Options -Critical Path Analysis - |                                 |
|      | Planning and Scheduling Complex Tasks-Decision Trees -       |                                 |
|      | Powerful Quantitative Analysis of Decision Impact-Force      |                                 |
|      | Field Analysis   |                                 |
| 2.   | Analysis of all Pressures For and Against Change-PMI - A     | Digital and Classroom learning  |
|      | Powerful Enhancement to Pros and Cons -SWOT Analysis -       |                                 |
|      | Analyzing your Strengths, Weaknesses, Opportunities and      |                                 |
|      | threats.   |                                 |

Unit-II: Perception

| S.N. | Topic   | Identification of the Topic in<br>Blended mode |
|------|---|--|
| 1.   | Revelation of perception-Visual perception-Auditory perception- Internal Factors influencing Perceptional mechanism | Digital and Classroom learning                 |
| 2.   | External factors influencing Perceptional mechanism – Wheel of perception   | Digital and Classroom learning                 |

#### Unit- III: Consciousness

| S.N. | Topic  | Identification of the Topic in |
|------|--|--------------------------------|
|      |  | Blended mode                   |
| 1.   | What is consciousness- Religious perspectives-<br>scientific perspectives-Spiritual perspectives-Vies of | Digital and Classroom learning |
|      | philosophers-Some systems of Psychology.   |                                |
|      |  |                                |

Unit-IV: Self Image & Self Motivation

| S.N. | Topic  | Identification of the Topic in<br>Blended mode |
|------|--|--|
| 1.   | Effect on thoughts- External influences on thoughts-Roots of low Self esteem-3 steps to a good self Image- Motivating factors- Criticism for motivation-Signs of De motivators- Laws of motivation-Skills for motivation-Wheel of motivation-Principles of Motivational Leader | Digital and Classroom learning                 |

- 3. Shavaramu, Export Marketing A Practical Guide for Exporters , Wheeler Publishing, New Delhi
- 4. Govt of India, An Overview of Customs , Commissionate of Customs and ICDs, New Delhi
- 5. Govt. of India, Ministry of Commerce and Industry Handbook of Procedure, Govt. of India, New .

#### Specialization-IT

**COURSE SYLLABUS** 

M.B.A. -4th Semester

MANAGING IT-ENABLED SERVICES

Course/Paper Code: 0205415

Credit: 4 (4-0-0) Max. Marks: 100 Exam Duration: 03 Hrs External Marks: 75 Practical Marks: 25

COURSE OBJECTIVES

The course aims at providing fundamental knowledge and exposure to the concepts, theories, practical and practices in the field of management.

COURSE CONTENT

# **Self learning:**

Business Strategy: Challenges and Opportunities in the Globalized, Interconnected, Convergent World, Establish Principles before Practice, IT Strategy, Application Strategy, Technology Strategy for IT, IT Management Strategy, Developing IT Strategy for Competitive Advantage, Stages of IT Strategy Development and Implementation, Challenges of IT and Business Strategy Alignment, Inhibitors of Business and IT Strategy Alignment, Three-D Framework for Business and IT Strategy Alignment.

# Guided:

Business Implications for IT Strategic and Planning, Strategic IT Planning Motivations, SITP Process: Prevalent Planning Approaches, Difficulties in Developing and Executing SITP, Best Practices for Achieving Good SITP, SITP Approaches-Prevalent Researches. 09 CO2 III Enterprise IT architecture. Benefits of PMO, Desired Qualities of a Program Office Manager, Maturity of PMO, Implementation of PMO Strategy, Measuring PMO Performance, Success Factors for PMO, Project Scope Management, PMO Dashboard and Reporting. 08 CO3 University of Mumbai, B. E. (Information Technology), Rev 2016 117 IV IT service management strategy

# **Blended:**

Defining EITA, Contents of a Typical Enterprise IT Architecture, Standard for Enterprise IT Architecture, Technology Management strategy Framework, Prevalent Technology Reference Architectures Framework and Standards, Program Management Information Technology Infrastructure Library (ITIL), ITIL Overview, ITIL Service Support Processes, Incident Management, Problem Management, Service Delivery, Service Level Management, Financial Management, Capacity Management, IT Service Continuity Management (ITSCM), Availability Management, Imperatives for Outsourcing, IT Management Layers, Variants of Outsourcing, Business Process Outsourcing, In sourcing. 08 CO4 V IT enabled web services Newly emerging area and requirement of IT enabled service sector.

#### Classroom:

Overview of basic features of PHP: arrays, functions and state management, working with PHP forms, More advanced PHP, OOP's concept in PHP, Portable database supported with different, exception handling, concepts of UDDI, WSDL, SOAP. 08 CO5 VI Current trends in ITES, Current Employment in the IT and ITES industry: Industry Oriented Human Resource Requirement: Outlook of the IT and ITES Industry. Barriers to Trade in ITES Role of International Bodies (WTO & UNCTAD) in facilitating Trade in ITEST/ITES, experiences and Case studies of ITES-call centers, ERP, google.

# M.B.A. –4th Semester BUSINESS INTELLIGENCE Course/Paper Code: 0205416

Credit: 4 (4-0-0) Max. Marks: 100 Exam Duration: 03 Hrs External Marks: 75 Practical Marks: 25

#### COURSE OBJECTIVES

The course aims at providing fundamental knowledge and exposure to the concepts, theories, practical and practices in the field of management.

#### COURSE CONTENT

Self-learning- Business Intelligence an Introduction: Introduction, Definition, History and Evolution, Business Intelligence Segments, Difference between Information and Intelligence, Defining Business Intelligence Value Chain, Factors of Business Intelligence System, Real time Business Intelligence, Business Intelligence Applications.

Guided-Business Intelligence Essentials: Introduction, Creating Business Intelligence Environment, Business Intelligence Landscape, Types of Business Intelligence, Business Intelligence Platform, Dynamic roles in Business Intelligence, Roles of Business Intelligence in Modern Business. Ethical issues in Data Mining, Analysis of Ethical issues, Global issues. Data Statistical Perspective on Data Mining Techniques: Introduction, Mining, Similarity Measures, Decision Tree-Illustrations, Neural Network, Neural Network versus Conventional Computers, Kohonen's Self-Organizing Maps, Genetic Algorithms, Applications of Genetic Algorithm.

# Blended-

Introduction toDataWarehousing: Advantages and Disadvantages of Data Warehousing, Data Warehouse, Data Mart, Aspects of Data Mart, Online Analytical Processing, Characteristics of OLAP, OLAP Tools, OLAP Data Modeling, OLAP Tools and the Internet, Difference between OLAP and OLTP, Multidimensional Data Model, Data Modeling using Star Schema and Snowflake Schema. Different Ways of Data Warehousing: Introduction, Types of Business Models, B2B Business Intelligence Model, Electronic Data Interchange & E-Commerce Models, Advantages of E-Commerce for B2B Businesses, Systems for Improving B2B E-Commerce, B2C Business Intelligence Model, Need of B2C model in Data warehousing, Different types of B2B intelligence Models

Business Intelligence Types: Introduction, Multiplicity of Business Intelligence Tools, Types of Business Intelligence Tools, Modern Business Intelligence, the Enterprise Business Intelligence, Information Workers.

Architecting the Data: Introduction, Types of Data, Enterprise Data Model, Enterprise Subject Area Model, Enterprise Conceptual Model, Enterprise Conceptual Entity Model, Granularity of the Data, Data Reporting and Query Tools, Data Partitioning, Metadata, Total Data Quality Management (TDQM).

Classroom- Introduction to Data Mining: Introduction, Definition of Data Mining, Data mining parameters, How Data Mining works?, Types of relationships, Architecture of Data Mining, Kinds of Data which can be mined, Functionalities of Data Mining, Classification on Data Mining system, Various risks in Data Mining, Advantages and disadvantages of Data Mining,

- 5. Carr, K. and Johansson, H.J. Best Practices in Re-engineering. New York, McGraw Hill, 1995.

# COURSE SYLLABUS

M.B.A. -4th Semester

#### COMPETENCY DEVELOPMENT IN RESEARCH

Course/Paper Code: 0205418

Credit: 2 (2-0-0) Max. Marks: 50 Exam Duration: 02 Hrs External Marks: 40

# COURSE OBJECTIVES

Practical Marks: 10

To enable the students to know about the information needs of business research. To understand the concept of research and the methods of conducting scientific research.

#### COURSE CONTENT

#### Unit-1

| Sr.<br>No | Topics   | Mode of Learning                  |
|-----------|--|-----------------------------------|
| 1.        | Research – Qualities of Researcher – Components of Research Problem – Various Steps In Scientific Research – Types of Research | Digital and<br>Classroom Learning |

#### Unit-2

| Sr.<br>No | Topics  | Mode of Learning   |
|-----------|---|--------------------|
| 1.        | Data Collection – Sources of Data – Primary Data – Secondary Data - | Digital and        |
|           | Procedure Questionnaire – Sampling Methods                          | Classroom Learning |

#### Unit-3

| Sr.<br>No | Topics  | Mode of Learning   |
|-----------|---|--------------------|
| 1.        | Statistical Analysis – Introduction To Statistics- Hypothesis Tests – One | Digital and        |
|           | Sample Test – Two Sample Tests / Chi-Square Test, Association of          | Classroom Learning |
|           | Attributes - Standard Deviation – Co-Efficient of Variations.             |                    |

#### Unit-4

| Sr. | Topics  | Mode of Learning                  |
|-----|---|-----------------------------------|
| No  |   |                                   |
| 1.  | Statistical Applications – Correlation and Regression Analysis – Analysis of Variance – Partial and Multiple Correlation – Factor Analysis and Conjoint Analysis – Multifactor Evaluation – Two-Factor Evaluation Approaches. | Digital and<br>Classroom Learning |

TECHNIQUES, New Wiley Eastern ltd., Delhi.

# WRITING RESEARCH ARTICLE/PAPER

COURSE SYLLABUS M.B.A. –4th Semester

Course/Paper Code: 0205419

Credit: 2 (2-0-0) Max. Marks: 50 Exam Duration: 02 Hrs External Marks: 40 Internal Marks: 10

COURSE OBJECTIVES

Students will be able to:

- 1. Understand that how to improve your writing skills and level of readability
- 2. Learn about what to write in each section
- 3. Understand the skills needed when writing a Title
- 4. Ensure the good quality of paper at very first-time submission

# COURSE CONTENT

#### Unit-1

| Sr. | Topics  | Mode of Learning   |
|-----|---|--------------------|
| No  |   |                    |
| 1.  | Planning and Preparation, Word Order, Breaking up long sentences, | Digital and        |
|     | Structuring Paragraphs and Sentences                              | Classroom Learning |
| 2.  | Being Concise and Removing Redundancy, Avoiding Ambiguity and     | Digital Self/Aided |
|     | Vagueness   | Learning           |

# Unit-2

| Sr. | Topics  | Mode of Learning   |
|-----|---|--------------------|
| No  |   |                    |
| 1.  | Clarifying Who Did What, Highlighting Your Findings, Hedging and        | Digital and        |
|     | Criticizing, and Plagiarism   | Classroom Learning |
| 2.  | Sections of a Paper, Abstracts. Introduction, Review of the Literature, | Digital and        |
|     | Methods, Results, Discussion, Conclusions, the Final Check              | Classroom Learning |

# Unit-3

| Sr. | Topics   | Mode of Learning   |
|-----|--|--------------------|
| No  |  |                    |
| 1.  | key skills are needed when writing a Title, key skills are needed when | Digital and        |
|     | writing an Abstract  | Classroom Learning |
| 2.  | key skills are needed when writing an Introduction, skills needed when | Digital and        |
|     | writing a Review of the Literature                                     | Classroom Learning |

# Unit-4

| Sr. | Topics   | Mode of Learning   |
|-----|--|--------------------|
| No  |  |                    |
| 1.  | skills are needed when writing the Methods, skills needed when writing the | $\mathcal{C}$      |
|     | Results, skills are needed when writing the Discussion                     | Classroom Learning |
| 2.  | skills are needed when writing the Conclusions, useful phrases, how to     | Digital and        |
|     | ensure paper is as good as it could possibly be the first-time submission  | Classroom Learning |
