Subject: The list of courses to be offered for the January 2025 Academic Semester on the SWAYAM Platform.

आदरणीय महोदया/महोदय,

I am pleased to inform you that the past and ongoing efforts of UGC and MoE have achieved significant milestones, enhancing flexible, interdisciplinary, and student-focused learning through the courses offered on the SWAYAM platform. A brief overview of SWAYAM's key achievements are given here under:

SWAYAM Courses, registration, and Issuance of certificates:

More than 14,750+ MOOCs have been offered through the SWAYAM Platform, and the total number of enrolments in these courses has crossed 4.8 crores, and 37 lakh SWAYAM certificates have been issued.

The State-wise Virtual SWAYAM Outreach and Awareness Programmes organised by the MoE and UGC during October–November 2023 and April–May 2024 played a vital role in expanding awareness and adoption of SWAYAM courses. Taking forward this momentum, we are in the process of conducting region-wise SWAYAM Outreach Workshops scheduled for January to March 2025. The detailed dates and location of region-wise SWAYAM Outreach Workshops is also attached. The recently notified UGC Framework for Universities to Conduct Examinations for SWAYAM Courses (D.O.F.No.1-8/2017(SWAYAM), dated 27th August 2024) would be another significant measure, which we believe will greatly enhance the academic and administrative ease for institutions in adopting SWAYAM.

As per the NEP 2020 recommendations/mandate, it will promote flexibility and interdisciplinary learning opportunities essential for holistic education. These SWAYAM courses are aligned with the evolving needs of students and represent a step forward in facilitating student credit accumulation through SWAYAM.

The list of courses to be offered for the January 2025 academic semester is attached herewith. Some important disciplines are also reproduced below:

- Course details, including the NCrF Level, Credits, Industry linkage, Academic Alignment, examination schedules, etc. are available on the SWAYAM course page; the link to individual courses is available in the attached Excel.
- UGC is also offering 9 courses, which provide interdisciplinary learning opportunities to students (www.swayam.gov.in/UGC).

I request your esteemed institution to actively participate in the enrollment of students for these courses offered on SWAYAM Platform. Your collaboration will further strengthen the mission of democratizing education and enhancing the academic and professional growth of learners nationwide.

Thank you for your continued support and efforts in taking the SWAYAM scheme forward.
